CERTIFICATES

- Attended a 3-hour workshop on full stack development on February 25, 2024 Workshop Certificate: [here](#)
- I have attained certification from a rigorous 30-day masterclass in Full Stack Development, showcasing my dedication and proficiency in the domain. [here](#)

ABOUT ME

I am a dynamic and motivated individual aspiring to excel as a Junior Web Developer, with a strong foundation in C++, Python, Java, HTML, CSS, and JavaScript. Through hands-on projects like developing a frontend clone of Amazon and creating interactive webpages, I have honed my skills in web development. I am eager to contribute to the growth of a forward-thinking company, bringing my technical expertise and passion for innovation.

INTERNSHIP

Airport Authority of India, Chennai - July 2024

- Gained hands-on experience in understanding server configurations, networking setups, and data center operations.
- Learned about the various components and infrastructure that ensure the smooth functioning of data centers.
- Studied how terminals connect through routers, firewalls, and switches, ensuring secure and efficient communication across the airport's network.
- Submitted a report** on the data center's networking architecture and received a certificate upon successfully completing the internship. [here](#)

PROJECTS

ASHZONE Online Shopping Platform-Using HTML, CSS and Javascript. [Click here](#)

- Developed a frontend clone of Amazon.
- Designed and implemented the user interface with responsive web Pages.
- Ensured cross-browser compatibility and optimized performance.

BOOKSKY WEBPAGE-Using HTML,CSS and JavaScript

- Created an interactive webpage where users can input a book name and author, and receive a popup with the entered details using JavaScript.
- Utilized HTML, CSS, and JavaScript to build a user-friendly and interactive interface.
